Mr. Henry Stasiuk, City Editor
Newark Star-Ledger
217 Halsey Street
Newark 2, New Jersey

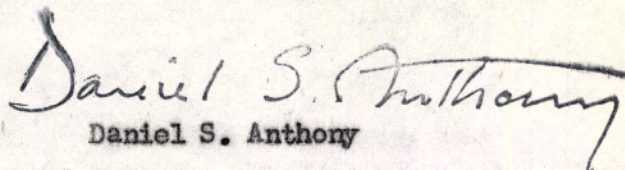

Dear Mr. Stasiuk:

This is a personal note to congratulate you and your staff on the sensitive and judicious report and editorial on a Police Advisory Board for Newark.

Don Warshaw's story of March 20th on the Meeting of the Human Rights Commission covered the objective and conciliatory facts we have been attempting to present to the community. The editorial titled, "Psychological Handcuff" of March 21st was another honest effort to shed light on a topic which has generated too much heat.

Thank you all for bringing some semblance of rationality and reality to a controversy which has been fraught with emotion and misunderstanding.

Very sincerely yours,

Daniel S. Anthony
